Asuragen to Present at the JPMorgan 25th Annual Healthcare Conference

Austin, Texas, January 3rd, 2007 – Asuragen, Inc. announced today that it will present at the JPMorgan 25th Annual Healthcare Conference at 8 a.m. PST on Thursday January 11th, 2007. Matt Winkler, the company's CEO and CSO will make the company's presentation.

About Asuragen, Inc.

Asuragen is a fully integrated diagnostics reagents company focused on molecular oncology and early detection of cancer, with emphasis on microRNA. Asuragen's current diagnostic product portfolio consists of Signature[®] Genetic Testing and Oncology Testing products, as well as industry leading controls and standards engineered using its patented Armored RNA[®] technology. Asuragen is empowered with not only a high level of scientific expertise, but also assay development, business infrastructure, GLP testing services and an established cGMP manufacturing facility that allow it to span the spectrum of discovery, testing, production and commercialization. Asuragen is dedicated to developing new technologies that will become cutting edge clinical products.
